Re: Policyholder: Marmon Holdings/Pritzker Interests
Site: Bunker Hill/Coeur d'Alene Basin
Claimants: Coeur d'Alene Tribe, United States
Our File: 717 L 036233-X

Dear Mr. Wissert:

Thank you for your letter of April 13, 1998 wherein you agree at a future date to supply us with information regarding the entire program of insurance written to this policyholder. I thank you for your agreement and look forward to receiving the requested information.

As part of our search for relevant coverages for this policyholder, please be advised that we have located another high level excess policy issued to Marmon Holdings. Please find enclosed a copy of Excess Certificate of Insurance XCP 156737. As you can see, this policy is a following form policy with an attachment point in excess of \$300,000,000. Because it is following form to National Union policy BE1339366 and we do not possess that policy, we are unable to advise you of any outstanding issues that may exist in connection with this claim. At this time we request a copy of policy BE1339366.

Century Indemnity hereby reserves all of its rights and defenses in connection with excess certificate XCP 156737 and will apprise you more fully of its position with respect to coverage after receipt of the underlying primary policy.

Thank you very much for your attention to this matter.

Sincerely yours,
